In her 17 years as a professional medical aesthetician, Sonia Singh has learned that rather than just selling services, she should educate her clients. "We want our customers to choose the best course of action for the results they are seeking," says Singh.

Sonia Singh, who opened Luna's Day Spa in 2001, and Luna's Med Spa in 2008, says she dreamed of working in the skin industry since she was a young girl and her passion remains strong. "My vision," she says, "is to have the most contemporary

and luxurious day spa and medical spa in Maryland.

Her businesses fulfill the goal, creating peaceful sanctuaries to get away from the stresses of the modern world. Luna's Day Spa offers laid back luxury where you can embrace the timeless art of relaxation. This well known spa offers a modern approach of grooming with an extensive menu of body wraps, massages, facials, waxing, threading and lash extensions. While the Med Spa offers the latest in non-invasive and minimally invasive aesthetic procedures, such as laser treatments, chemical peels and injectables-all at affordable prices.

Recently, Singh entered a partnership with dermatologist Dr. Anita Henderson.
